These persons are subject to the general registration requirement (Section 16 of the Registration Act and Articles 26 and 27 of the Bavarian Registration Act). Based on the recommendation of the Bavarian Ministry of Culture, business persons in Garmisch-Partenkirchen may be exempted from paying the visitor's tax, but will not receive a guest card and the associated benefits.

Retrospective exemption is not possible.

Excerpt from the statutes governing the levying of a spa tax in the market town of Garmisch-Partenkirchen
§ 1 – Obligation to pay
Persons who stay in the spa area of the municipality for spa or recreational purposes without having their main residence there within the meaning of the registration law and who are offered the opportunity to use the spa facilities and participate in the events are obliged to pay a spa tax. This obligation does not depend on whether and to what extent facilities serving spa purposes are actually used.
